- All previously unmailed client correspondence;
- An inventory of all files sent to Steptoe & Johnson;
- A copy on CD Rom of all email message files of MailTV that have been maintained by attorneys and employees of Morrison & Foerster.

Please immediately transfer the requested materials as there are many issues pending and under consideration. Please check your docket and advise me of any matters due within the next month so that we can discuss whether it may make sense for MoFo to complete required filings for matters requiring near-term responses.

Thank you again for your assistance in protecting our intellectual property. When the materials are ready, please call Rick Barfield at (202) 429-8145 to arrange for delivery. We will be pleased to consider using the attorneys of Morrison & Foerster for legal matters in the future should our needs change.

Should you have any questions, please do not hesitate to contact me.

Warmest Regards,

**Re: MallTV Patent Prosecution Matters & Related Files**

Dear Barry:

Thank you and your colleagues for your service in protecting the intellectual property of MallTV. However, after careful consideration, I have decided to relocate patent prosecution matters for MallTV to other counsel.

For all patent prosecution matters related to MallTV retained in any MoFo office or otherwise under your control, please transfer all files to:

Steptoe & Johnson LLP  
1330 Connecticut Avenue  
c/o Scott W. Doyle, Esq.  
Phone: (202) 429-6227  
Fax: (202) 429-3902  
Email: sdoyle@steptoe.com

Specifically, we would like the file transfer to include the following items:

- All patent files and other property of MallTV, Inc., including without limitation all patent application files, attorney work files, collections of prior art, correspondence files and other patent prosecution related files and materials;
- Soft copies on CD ROM of all patent applications and other patent prosecution related documents that are electronically stored on MoFo's computer system;
- An Excel file from your docketing system preferably in the format required by the electronic business center at the PTO;
- A printout of and electronic copy of at least a nine-month docket going forward for all patent prosecution matters; and
- An inventory of items transferred; and
- Any second reminder system to the docket, to the extent it may exist.

Please forward to me the following items:
